Installation

- 1 Remove the existing lock, cam and screw plate from the door of the enclosure as shown.

Note: The screws and cam will be used in the next step to install the SRHANDLE.

- 2 Install the SRHANDLE. Slide the lock handle through the opening, install the cam, and then secure the lock using the screws and screw plate as shown.

Instalación

- 1 Retire la cerradura, leva y placa para tornillo actual de la puerta y el gabinete como se muestra.

Nota: Los tornillos y la leva serán usados en el próximo paso para instalar la SRHANDLE.

- 2 Instale la SRHANDLE. Deslice la manija de la cerradura a través de la abertura, instale la leva, fije la cerradura usando los tornillos y atornille la placa como se muestra.

Installation

- 1 Retirer le dispositif de verrouillage existant, la came et le coussinet de filière de la porte du boîtier comme illustré.

Remarque : Les vis et la came seront utilisées à l'étape suivante pour installer le SRHANDLE.

- 2 Installation du SRHANDLE Glisser la manette de verrouillage à travers l'ouverture, installer la came, puis fixer le dispositif de verrouillage en place en utilisant les vis et le coussinet de filière comme illustré.

Operation

Using the Key

Insert the key into the lock. Turn key 180 degrees counterclockwise. To re-lock, turn key 180 degrees clockwise and remove key.

Operación

Uso de la Llave

Insérte la llave en la cerradura. Gire la llave 180 grados en sentido opuesto al giro del reloj. Para cerrar, gire la llave 180 grados en sentido del giro del reloj y retire la llave.

Opération

Utilisation de la clé

Insérer la clé dans le dispositif de verrouillage. Tourner la clé de 180 degrés dans le sens contraire des aiguilles d'une montre. Pour reverrouiller, tourner la clé de 180 degrés dans le sens des aiguilles d'une montre, puis retirer la clé.
