# Important Safety Instructions

- Read the entire instruction manual before you start assembly and installation. Do not begin installation until you have read and understood all the instructions and warnings contained in this installation sheet. If you have questions about any of the instructions or warnings, contact Tripp Lite Support.
- Use with products heavier than the rated weights indicated may result in instability, causing possible injury.
- Mounts must be attached as specified in these instructions. Improper installation may result in damage or serious personal injury.
- Safety gear and proper tools must be used. This product should only be installed by professionals.
- Ensure the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.
- Use the mounting screws provided, tighten them firmly, but DO NOT OVERTIGHTEN the mounting screws. Overtightening can cause damage to the items. This greatly reduced their holding power.
- This product contains small items that could be a choking hazard if swallowed. Keep these items away from children.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.
- Check that the bracket is secure and safe to use at regular intervals (at least every three months).

## Warranty and Product Registration

### 5-Year Limited Warranty

Seller warrants this product, if used in accordance with all applicable instructions, to be free from original defects in material and workmanship for a period of 5 years from the date of initial purchase. If the product should prove defective in material or workmanship within that period, Seller will repair or replace the product, at its sole discretion.

THIS WARRANTY DOES NOT APPLY TO NORMAL WEAR OR TO DAMAGE RESULTING FROM ACCIDENT, MISUSE, ABUSE OR NEGLIGENCE. SELLER MAKES NO EXPRESS WARRANTIES OTHER THAN THE WARRANTY EXPRESSLY SET FORTH HEREIN. EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ALL IMPLIED WARRANTIES, INCLUDING ALL WARRANTIES OF MERCHANTABILITY OR FITNESS, ARE LIMITED IN DURATION TO THE WARRANTY PERIOD SET FORTH ABOVE; AND THIS WARRANTY EXPRESSLY EXCLUDES ALL INCIDENTAL AND CONSEQUENTIAL DAMAGES. (Some states do not allow limitations on how long an implied warranty lasts, and some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from jurisdiction to jurisdiction.)

WARNING: The individual user should take care to determine prior to use whether this device is suitable, adequate or safe for the use intended. Since individual applications are subject to great variation, the manufacturer makes no representation or warranty as to the suitability or fitness of these devices for any specific application.

# 1. Solid Brick and Concrete Wall Mounting

## WARNING

Installers must verify that the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.

1  
Mark the exact location of the mounting holes.

2  
Drill pilot holes

Screw the wall mount onto the wall.

## 2. Video Wall Installation (mounting space as shown below)

X=Length of display    Y=Height of display

## 3. Installing the Pop-Out Module

Remove caps before installing the pop-out module.

### 3. Installing the Pop-Out Module

### 4. Installing the Adapter Brackets

## 4. Installing the Adapter Brackets

### 4.1 For Flat-Back Screens

## 4.2 For Bump-Out or Recessed-Back Screens

### Notes:

- Choose the appropriate screws, washers and spacers (if necessary) according to the type of screen.
- Position the adapter brackets as close as possible to the center of the display.
- Screw the adapter brackets onto the display.

**Tighten all screws but do not overtighten.**

## 5. Hooking the Display onto the Pop-Out Module

### Notes:

- Before Hooking the display, ensure the knobs are rotated to the unlock position.
- Lift the display carefully and hook it onto the pop-out module. Rotate the knobs to the lock position to secure the display.
- Use the lock to prevent the display from being removed from the mount.

## 6. Adjustment

Handles for tilt adjustment

Screws for up-and-down micro-adjustments

Knobs for in-and-out micro-adjustments

## 6. Adjustment

## 6. Adjustment

## 6. Adjustment

To pop out the display, push it inward and then release it.  
Kickstands provide tilt access for easy cable management and maintenance.

## 7. Level the Displays

Adjust the display to keep it level in vertical and horizontal directions.

wall

## 7. Level the Displays

## 8. Fixing the Bracket Positions with the Anti-Skid Blocks

Install both of the anti-skid blocks as close to the adapter brackets as possible. Tighten screws on the anti-skid blocks using a hex key to prevent the display from moving.

## 9. Lock the Pop-Out Module with the Plastic Locking Pieces
